## VOICEDUCER Products Price List

### Interface

**[SD]  
Type "S" Interface**  
  
**£150.00**

Compatible ear microphone connected to various types of radio  
Equipped with easy to operate PTT button  
Built in VOX (Voice activated circuitry) to automatically switch the radio to talk  
Body made of sturdy aluminium die cast  
Energy saving circuitry - one AAAA 1.5V battery with 250 hours operation  
Clear Communications and hands-free operation made possible  
Can be remote-controlled

**[DM-19]  
DSP VOX Interface**  
  
**£380.00**

Build in VOX (Voice activated circuitry) activated only by human voice  
Eliminated a problem of clipping with VOX  
Noise cancel function  
Compatible with various types of headset  
Total waterproof  
Rechargeable battery with AC adaptor

**[BM-8]  
Body PTT Interface**  
  
**£235.00**

Normal PTT, Smart PTT Selectable  
Big PTT button for secure operation  
Long Stroke PTT switching mechanism  
Water resistant  
Auto shut-off timer function  
Powered by one AAA 1.5V battery  
Long battery life : approx. 50 hours in Tx.  
Weight : 250g

### Voiceducer Ear Piece Type

**[EM-L1A]  
Ear Microphone**

EL-L1A	<b>£135.00</b>
EL-L1N	<b>£135.00</b>
EL-L2	<b>£165.00</b>

#### Voiceducer Ear Microphone (Bone conduction)

Two way communication with one ear  
Clear sound in highly noisy environment  
Allow using with mask or respirator  
Discreet, safe and comfort  
Standard type : EM-L1A (Black), EM-L1N (Natural beige)  
Noisy environment : (above 95dB) : EML2 (Gray)

## VOICEDUCER Products Price List

**Voiceducer  
Ear Piece Type**

**[EM-7B-05]  
Ear Microphone  
£135.00**

**Voiceducer Ear Microphone (Bone conduction)**

Two way communication with one ear  
Clear sound in highly noisy environment  
Allow using with mask or respirator  
Discreet, safe and comfort  
An interface module compatible with your communications equipment needs to be used either "DM19" DSP VOX Interface module or "BM8" Waterproof Body PTT interface module

**Voiceducer  
Headgear Type**

**[HG-17]  
Headgear  
£190.00**

**Voiceducer Headgear (Bone conduction)**

Receive messages with both ear FREE  
No mouth microphone  
Clear sound in high noise environment  
Secure fit, allow using with helmet  
An interface module compatible with your communications equipment needs to be used either "DM19" DSP VOX Interface module or "BM8" Waterproof Body PTT interface module

**[HG-21]  
Headgear  
£145.00**

**Voiceducer Headgear (Bone conduction)**

Receive messages with both ear FREE  
No mouth microphone  
Clear sound in high noise environment  
Secure fit, allow using with helmet  
Can be directly connected with a wide variety of radios but needs compatible plug  
"BM8" waterproof body PTT Interface is also available

**[SK2]  
Sticker  
£150.00**

**Voiceducer sticker (Bone conduction)**

Sticker type Headset  
Excellent noise tolerance  
Can be used by itself  
Compatible Interface BM8  
DM19  
Fitted position

Fitted Position

## VOICEDUCER Products Price List

**Interface**

**Voiceducer  
Headset**

**[FM1]  
Headset  
£170.00**

**Voiceducer Headset (Bone conduction)**

Can be attached to existing face mask (frontal) of various type  
Easy fitting - Removable clip with strap  
Bone conduction microphone and speaker with high noise tolerance and freedom to both ears

Attached to a gas mask

Attached to a Gas mask

**[FM2]  
Headset  
£170.00**

**Voiceducer Headgear (Bone conduction)**

Can be attached to existing face mask (frontal) of various type  
Easy fitting - Removable clip with strap  
Bone conduction microphone and speaker with high noise tolerance and freedom to both ears

**KIKUCHAN**

**[HA301]  
KIKUCHAN  
£370.00**

**Bone Conduction Assistive Listening Device**

Effective on people with slight to moderate hearing difficulty  
Use of bone conduction speaker that does not cover both ears  
Allow the user to focus on the sound he/she needs to hear  
Single KIKUCHAN can assist the user in three different ways : in conversation, TV viewing and telephone  
Suite as communication tool in public place  
**Japanese Medical Device Approval No. 21300BZY00587000**
